What's Included

PowerPoint Presentation- There is a PowerPoint presentation for the lesson. It includes important information relating to the lesson. You can have students take notes from it or use it as the basis for a class discussion. The PowerPoint is editable so you can tweak it based on your specific needs.

Slotted Notes- Students can use these to focus on the important information from the PowerPoint presentation. There is an editable slotted notes version so you can tweak it based on your specific needs.

Reading passage- There is a passage included for the lesson. You can create either one class set, or copy enough for each student to have one. There is a "paper saver" version you can use if you need to limit the number of copies you print, and there is a "note-taking" version if you want students to annotate while reading.
"Paper saver" p. 3-4
"Note-taking" p. 5-7

Activities- There are 4 activities (key terms, dates and events, data analysis, and a literacy connection) for the lesson. Each activity (except the literacy connection) has 2 levels. The first level is recalling the facts. The second level is applying the information. You can make 2-sided copies of activities to save paper.

Quiz- The lesson has a quiz that reviews the information learned from the passage and activities.

Answer Keys- There is an answer key for each activity page and the quiz.

The PowerPoint presentation is in a separate file included in your download.

Audio- an mp3 file is included for the reading passage & quiz; this is included as a separate file in your download.
